

Online Commuter Benefits

- ▶ Same great programs
- ▶ Same great savings
- ▶ Online convenience

ADP's Online Commuter Benefits program makes using your Commuter Benefits plan even easier and more convenient. Through a single, online source, you can purchase your transit passes and elect direct pay or cash reimbursement for parking anywhere in the U.S. And don't forget, because your Commuter Benefits contributions are exempt from most taxes, you're saving 20% to 40% on the eligible transit and parking services you use every day.

The easy-to-use, online ordering system provides direct access to hundreds of transportation providers and thousands of parking locations nationwide. And, if your provider or fare type is not available, you may request the addition of your provider or product for future orders right through the online system.¹

Simplify your commute... enroll today!

With the convenience of the online system, you can place or change your orders, view your account balance, review your order and payment history, access frequently asked questions or submit your own question to your Participant Solution Center 24 hours a day, 7 days a week.

ADP's Online Commuter Benefits program provides you with the ultimate in flexibility and convenience.

- **Choose convenient home delivery of your commuter passes**
Your transit passes or parking vouchers will be delivered right to your home address ... one less stop in your busy day
- **Get your commuter purchases off your mind with automatic processing**
Your transit and parking purchases can be set up to occur automatically each month ... one less detail to worry about
- **Change your order(s) as often as monthly**
You can easily change your provider or purchase type, even adjust or suspend your contribution amount ... one less long-term commitment²

It can all be done easily, safely and securely ... online! Activate your Online Commuter Benefits Account today and simplify your commute!

Visit the ADP website at www.flexdirect.adp.com to learn more about Commuter Benefits.

¹ Requests to add new providers or products are subject to carrier approval and provider acceptance

² Restrictions may apply to order change effective date based on your employer's plan design or provider requirements
