Answers to frequently asked questions

What is the maximum amount I can pay off through Earn It Off?

The maximum amount you can pay off through Earn It Off is \$300. If the Apple Watch you choose is more than this amount, you may need to pay the difference at checkout.

How is my monthly payment calculated?

Your Earn It Off monthly payment is calculated by dividing your Earn It Off total by 12. Your Earn It Off total is the sum of the Apple Watch, taxes and shipping, minus any current available rewards and any credit card payment you make at checkout.

When are my Earn It Off monthly payments due?

Your payments are due monthly, starting 1 month after your purchase date. For example, if you purchase an Apple Watch on the first of the month, you'll be charged on the first of every month for 12 months. If your purchase is made on the 31st of a month, your monthly payment will always be due on the last day of the month.

When will my credit card be charged?

If your monthly earned rewards do not meet your monthly Earn It Off payment, the difference will be charged to your credit card. For example, if your monthly payment is \$10 and you only earn \$6 in rewards, your card will be charged \$4. Additionally, if you are no longer eligible for UHC Rewards or no longer have a UnitedHealthcare health plan, your credit card will be charged your monthly payment each month until you've finished paying off your Apple Watch. You will not be charged the entire balance in 1 payment.

How do I earn rewards?

You can earn rewards by completing reward activities, such as meeting the program's daily step or exercise goals, tracking your sleep, completing a health survey and more. You can view all available activities on the UHC Rewards homepage.
