

Job Title: **Management Analyst (ESA SME-Term)**

Grade: CS-343-12

Salary: \$78,364-\$100,261

Requirements: Must successfully pass a criminal background and consumer check as a condition of employment.

Qualifications: Applicants must possess one (1) year of specialized experience equivalent to the CS-11 grade level, or its non-District equivalent experience in the private or public sector.

Job Description:

The position is established to serve as mid-level Management Analyst within the Project Management Division-Function Unit of the DCAS Project at the Department of Health Care Finance, the District's state Medicaid agency. DC Access System is the District's state-of-the-art health and human services solution, which once fully integrated will serve as the platform to provide the District with a modern integrated eligibility system for Medicaid, Supplemental Assistance Nutrition Program (SNAP), Temporary Assistance to Needy Families (TANF) and other programs with case management capabilities. The incumbent is primarily responsible for analyzing state and federal policies associated with ESA to ensure that all requirements are incorporated during the development and implementation of the DCAS System. The incumbent will participate in functional design sessions, advise technical team-members of policy requirements, conduct SME level testing during the testing phases of the Software development lifecycle, make recommendations for procedural changes due to policy requirements and report on the likelihood and consequences of non-compliance of ESA policy.
