

Eligible Ride-Sharing Programs

uberPOOL and Lyft Line now eligible for commuter benefits

With the increasing popularity of ride-sharing programs, Benefit Resource is excited to extend the savings and convenience of these services to your commuter benefit plan!

The **Beniversal® Prepaid Mastercard®** and **eTRAC Prepaid MasterCard®** can now be used to access your pre-tax mass transit benefits for qualified uberPOOL and Lyft Line rides.

How does it work?

1) Add your Beniversal or eTRAC card as the payment method within the Uber or Lyft app.

When you add your Beniversal or eTRAC card to the Uber or Lyft app, it will automatically be identified as a commuter benefit card and will only be available as the payment method for qualifying rides.

2) Request a qualifying ride.

To request a qualifying ride with Uber, you will select an uberPOOL. With Lyft, select "Line" mode and set your payment method to the Beniversal or eTRAC card. Please see Uber and Lyft directly for up-to-date information regarding availability. Qualifying rides are not available in all cities.

3) You will be connected to a qualifying ride.

In order to be considered an eligible expense under a pre-tax mass transit account, rides must take place in a six passenger or larger vehicle. You will only be directed to qualifying vehicles when using the Beniversal or eTRAC card as the payment method.
