Schedule of Benefits

Accessing Benefits

You must see a Network Physician in order to obtain Benefits. Except as specifically described in this *Schedule of Benefits*, Benefits are not available for services provided by non-Network providers. This Benefit plan does not provide a Non-Network level of Benefits.

Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider. Benefits for facility services apply when Covered Health Services are provided at a Network facility. Benefits include Physician services provided in a Network facility by a Network or a non-Network anesthesiologist, Emergency room Physician, consulting Physician, pathologist and radiologist. Emergency Health Services and Covered Health Services received at an Urgent Care Center outside your geographic area are always paid as Network Benefits.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Enrolling Group, this *Schedule of Benefits* will control.

Pre-service Benefit Confirmation

We require notification before you receive certain Covered Health Services. In general, Network providers are responsible for notifying us before they provide these services to you. There are some Benefits, however, for which you are responsible for notifying us. Services for which you must provide pre-service notification are identified below and in the *Schedule of Benefits* table within each Covered Health Service category.

To notify us, call the telephone number for *Customer Care* on your ID card.

Covered Health Services which require pre-service notification:

- Ambulance - non-emergent air and ground.
- Clinical trials.
- Dental services - accidental.
- Infertility services.
- Obesity surgery.
- Transplants.

As we determine, if one or more alternative health services that meets the definition of a Covered Health Service in the *Certificate* under *Section 9: Defined Terms* are clinically appropriate and equally effective for prevention, diagnosis or treatment of a Sickness, Injury, Mental Illness, substance use disorder or their symptoms, we reserve the right to adjust Eligible Expenses for identified Covered Health Services based on defined clinical protocols. Defined clinical protocols shall be based upon nationally recognized scientific evidence and prevailing medical standards and analysis of cost-effectiveness. After you contact us for pre-service Benefit confirmation, we will identify the Benefit level available to you.

The process and procedures used to define clinical protocols and cost-effectiveness of a health service and a listing of services subject to these provisions (as revised from time to time), are available to Covered Persons on www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card, and to Physicians and other health care professionals on UnitedHealthcareOnline.

If you request a coverage determination at the time notice is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those actually received, our final coverage determination will be modified to account for those differences, and we will only pay Benefits based on the services actually delivered to you.

Mental Health Services and Substance Use Disorder Services

Mental Health Services (including psychiatric services for Autism Spectrum Disorders) and Substance Use Disorder Services are not subject to the pre-service notification requirements described above. Instead, you must obtain prior authorization from the Mental Health/Substance Use Disorder Designee before you receive Covered Health Services. You can contact the Mental Health/Substance Use Disorder Designee at the telephone number on your ID card.

To receive the highest level of Benefits and to avoid incurring the penalties described in this *Schedule of Benefits* table within each Covered Health Service category, you must call the Mental Health/Substance Use Disorder Designee before obtaining Mental Health Services or Substance Use Disorder Services. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include, but are not limited to, ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning or retrospective review. When you call the Mental Health/Substance Use Disorder Designee as required, you will be given the names of Network providers who are experienced in addressing your specific problems or concerns.

The Mental Health/Substance Use Disorder Designee performs utilization review to determine whether the requested service is a Covered Health Service. The Mental Health/Substance Use Disorder Designee does not make treatment decisions about the kind of behavioral health care you should or should not receive. You and your provider must make those treatment decisions.

Care CoordinationSM

When we are notified as required, we will work with you to implement the Care CoordinationSM process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the pre-service notification requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in *Section 7: Coordination of Benefits*. You are not required to notify us before receiving Covered Health Services.

Eligible Expenses

Eligible Expenses are the amount we determine that we will pay for Benefits. You are not responsible for any difference between Eligible Expenses and the amount the provider bills. Eligible Expenses are determined solely in accordance with our reimbursement policy guidelines, as described in the *Certificate*.

If one or more alternative health services that meets the definition of Covered Health Service in the *Certificate of Coverage* under *Section 9: Defined Terms* are clinically appropriate and equally effective for prevention, diagnosis or treatment of a Sickness, Injury, Mental Illness, substance use disorder or their symptoms, we reserve the right to adjust Eligible Expenses for identified Covered Health Services based on defined clinical protocols. Defined clinical protocols shall be based upon nationally recognized scientific evidence and prevailing medical standards and analysis of cost-effectiveness.

Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as otherwise arranged by us, Eligible Expenses are billed charges unless a lower amount is negotiated.

Provider Network

We arrange for health care providers to participate in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to select your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling *Customer Care*. A directory of providers is available online at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card to request a copy.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact *Customer Care* at the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract with us to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for assistance.

Designated Facilities and Other Providers

If you have a medical condition that we believe needs special services, we may direct you to a Designated Facility or Designated Physician chosen by us. If you require certain complex Covered Health Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a Designated Facility or Designated Physician, we may reimburse certain travel expenses at our discretion.

In both cases, Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Facility, Designated Physician or other provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Facility or Designated Physician. If you do not notify us in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Facility) or other non-Network provider, Benefits will not be paid.

Health Services from Non-Network Providers

If specific Covered Health Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Services are received from non-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through a non-Network provider.

Limitations on Selection of Providers

If we determine that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, we may require you to select a single Network Physician to provide and coordinate all future Covered Health Services.

If you don't make a selection within 31 days of the date we notify you, we will select a single Network Physician for you.

If you fail to use the selected Network Physician, Benefits will not be paid.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare Insurance Company. When we use the words "you" and "your," we are referring to people who are Covered Persons, as that term is defined in *Section 9: Defined Terms*.

Throughout the document you will find statements that encourage you to contact us for further information. Whenever you have a question or concern regarding your Benefits, please call us using the telephone number for *Customer Care* listed on your ID card. It will be our pleasure to assist you.

Your Responsibilities

Be Enrolled and Pay Required Contributions

Benefits are available to you only if you are enrolled for coverage under the Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins*. To be enrolled with us and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the Policy issued to your Enrolling Group, including the eligibility requirements.
- You must qualify as a Subscriber or his or her Dependent as those terms are defined in *Section 9: Defined Terms*.

Your Enrolling Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy and receive Benefits. If you have questions about this, contact your Enrolling Group.

Be Aware this Benefit Plan Does Not Pay for All Health Services

Your right to Benefits is limited to Covered Health Services. The extent of this Benefit plan's payments for Covered Health Services and any obligation that you may have to pay for a portion of the cost of those Covered Health Services is set forth in the *Schedule of Benefits*.

Decide What Services You Should Receive

Care decisions are between you and your Physicians. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver care to you. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Pay Your Share

You must pay a Copayment and/or Coinsurance for most Covered Health Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Copayment and Coinsurance amounts are listed in the *Schedule of Benefits*. You must also pay any amount that exceeds Eligible Expenses.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with this Benefit plan's exclusions.

Show Your ID Card

You should show your identification (ID) card every time you request health services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered, and any resulting delay may mean that you will be unable to collect any Benefits otherwise owed to you.

File Claims with Complete and Accurate Information

When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under this Benefit plan for all other Covered Health Services that are not related to the condition or disability for which you have other coverage.

Our Responsibilities

Determine Benefits

We make administrative decisions regarding whether this Benefit plan will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the discretion to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *Certificate*, the *Schedule of Benefits*, and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may delegate this discretionary authority to other persons or entities that may provide administrative services for this Benefit plan, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time in our discretion. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Services

We pay Benefits for Covered Health Services as described in *Section 1: Covered Health Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by this Benefit plan.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Services Provided by Non-Network Providers

In accordance with any state prompt pay requirements, we will pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines, in our discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of our reimbursement policies for yourself or to share with your non-Network Physician or provider by going to www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Offer Health Education Services to You

From time to time, we may provide you with access to information about additional services that are available to you, such as disease management programs, health education, and patient advocacy. It is solely your decision whether to participate in the programs, but we recommend that you discuss them with your Physician.

Section 3: When Coverage Begins

How to Enroll

Eligible Persons must complete an enrollment form. The Enrolling Group will give the necessary forms to you. The Enrolling Group will then submit the completed forms to us, along with any required Premium. We will not provide Benefits for health services that you receive before your effective date of coverage.

If You Are Hospitalized When Your Coverage Begins

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, we will pay Benefits for Covered Health Services that you receive on or after your first day of coverage related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Policy. These Benefits are subject to any prior carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as is reasonably possible. For Benefit plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Services from Network providers.

Who is Eligible for Coverage

The Enrolling Group determines who is eligible to enroll under the Policy and who qualifies as a Dependent.

Eligible Person

Eligible Person usually refers to an employee or member of the Enrolling Group who meets the eligibility rules. When an Eligible Person actually enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Enrolling Group and Subscriber, see *Section 9: Defined Terms*.

Eligible Persons must reside within the United States.

If both spouses are Eligible Persons of the Enrolling Group, each may enroll as a Subscriber or be covered as an Enrolled Dependent of the other, but not both.

Dependent

Dependent generally refers to the Subscriber's spouse, Legal partner, or Domestic Partner and children. When a Dependent actually enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 9: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.

If both parents of a Dependent child are enrolled as a Subscriber, only one parent may enroll the child as a Dependent.

When to Enroll and When Coverage Begins

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Initial Enrollment Period

When the Enrolling Group purchases coverage under the Policy from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified in the Policy if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

Open Enrollment Period

The Enrolling Group determines the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Enrolling Group if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

Dependent Child Special Enrollment Period

On or before the first day of the first plan year beginning on or after September 23, 2010, the Enrolling Group will provide a 30 day dependent child special enrollment period for Dependent children who are not currently enrolled under the Policy and who have not yet reached the limiting age. During this dependent child open enrollment period, Subscribers who are adding a Dependent child and who have a choice of coverage options will be allowed to change options.

Coverage begins on the first day of the plan year beginning on or after September 23, 2010, if we receive the completed open enrollment form and any required Premium within 31 days of the date the Dependent becomes eligible to enroll under this special open enrollment period.

New Eligible Persons

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Enrolling Group if we receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

Adding New Dependents

Subscribers may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage, Legal partnership.
- Legal guardianship.
- Court or administrative order.
- Registering a Domestic Partner.

Coverage for the Dependent begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event that makes the new Dependent eligible.

Coverage for newborn children begins at the moment of birth and includes the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities. We must receive notification and any required Premium within 31 days of the birth to have coverage continue beyond that 31-day period.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan was terminated for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage, Legal partnership.
- Registering a Domestic Partner.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if the following are true:

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period; and
- Coverage under the prior plan ended because of any of the following:
 - Loss of eligibility (including, but not limited to, legal separation, remarriage, divorce, entry into a Domestic Partnership, entry into a Legal partnership, termination of a Domestic Partnership, termination of Legal partnership or death).
 - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
 - In the case of TCC (Temporary Continuation of Coverage) continuation coverage, the coverage ended.
 - The Eligible Person and/or Dependent no longer lives or works in an HMO service area if no other benefit option is available.
 - The plan no longer offers benefits to a class of individuals that include the Eligible Person and/or Dependent.
 - An Eligible Person and/or Dependent incurs a claim that would exceed a lifetime limit on all benefits.
 - The Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage, Domestic Partnership or Legal partnership, determination of eligibility for state subsidy), coverage begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day immediately following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.

Section 4: When Coverage Ends

General Information about When Coverage Ends

We may discontinue this Benefit plan and/or all similar benefit plans at any time for the reasons explained in the Policy, as permitted by law.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will still pay claims for Covered Health Services that you received before the date on which your coverage ended. However, once your coverage ends, we will not pay claims for any health services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

Please note that for Covered Persons who are subject to the *Extended Coverage for Total Disability* provision later in this section, entitlement to Benefits ends as described in that section.

Events Ending Your Coverage

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**

Your coverage ends on the date the Policy ends. In the event the entire Policy ends, the Enrolling Group is responsible for notifying you that your coverage has ended.

- **You Are No Longer Eligible**

Your coverage ends on the date you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to *Section 9: Defined Terms* for complete definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

Your coverage ends on the date we receive written notice from the Enrolling Group instructing us to end your coverage, or the date requested in the notice, if later. The Enrolling Group is responsible for providing written notice to us to end your coverage.

- **Subscriber Retires or Is Pensioned**

Your coverage ends the date the Subscriber is retired or receiving benefits under the Enrolling Group's pension or retirement plan. The Enrolling Group is responsible for providing written notice to us to end your coverage.

This provision applies unless a specific coverage classification is designated for retired or pensioned persons in the Enrolling Group's application, and only if the Subscriber continues to meet any applicable eligibility requirements. The Enrolling Group can provide you with specific information about what coverage is available for retirees.

Other Events Ending Your Coverage

When any of the following happen, we will provide written notice to the Subscriber that coverage has ended on the date we identify in the notice:

- **Fraud or Intentional Misrepresentation of a Material Fact**

You committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include false information relating to another person's eligibility or status as a Dependent.

During the first three years the Policy is in effect, we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy. After the first three years, we can only demand that you pay back these Benefits if the written application contained a fraudulent misstatement.

- **Material Violation**

There was a material violation of the terms of the Policy.

- **Threatening Behavior**

You committed acts of physical or verbal abuse that pose a threat to our staff.

Coverage for a Disabled Dependent Child

Coverage for an unmarried, not in a Domestic Partnership, or not in a Legal partnership Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond the limiting age if both of the following are true regarding the Enrolled Dependent child:

- Is not able to be self-supporting because of mental or physical handicap or disability.
- Depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent is medically certified as disabled and dependent unless coverage is otherwise terminated in accordance with the terms of the Policy.

We will ask you to furnish us with proof of the medical certification of disability within 31 days of the date coverage would otherwise have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician chosen by us examine the child. We will pay for that examination.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical examinations at our expense. However, we will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Extended Coverage for Total Disability

Coverage for a Covered Person who is Totally Disabled on the date the entire Policy is terminated will not end automatically. We will temporarily extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- Twelve months from the date coverage would have ended when the entire Policy was terminated.

Continuation of Coverage and Conversion

If your coverage ends under the Policy, you may be entitled to elect continuation coverage (coverage that continues on in some form) in accordance with federal or state law.

Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Enrolling Groups that are subject to the terms of COBRA. You can contact your plan administrator to determine if your Enrolling Group is subject to the provisions of COBRA.

If you selected continuation coverage under a prior plan which was then replaced by coverage under the Policy, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

We are not the Enrolling Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Enrolling Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Enrolling Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

Conversion

If your coverage terminates for one of the reasons described below, you may apply for conversion coverage without furnishing evidence of insurability.

Reasons for termination:

- The Subscriber is retired or pensioned.
- You cease to be eligible as a Subscriber or Enrolled Dependent.
- Continuation coverage ends.
- The entire Policy ends and is not replaced.

Application and payment of the initial Premium must be made within 45 days after coverage ends under the Policy. Conversion coverage will be issued in accordance with the terms and conditions in effect at the time of application. Conversion coverage may be substantially different from coverage provided under the Policy.

Section 5: How to File a Claim

If You Receive Covered Health Services from a Network Provider

We pay Network providers directly for your Covered Health Services. If a Network provider bills you for any Covered Health Service, contact us. However, you are responsible for meeting any applicable Annual Deductible and for paying any required Copayments and Coinsurance to a Network provider at the time of service, or when you receive a bill from the provider.

If You Receive Covered Health Services from a Non-Network Provider

When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to us within one year of the date of service, Benefits for that health service will be denied or reduced, in our discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Required Information

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the Current Procedural Terminology (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card. When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to:

Proofs of Loss: Written proof of loss must be furnished to the insurer at its said office in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss within 90 days after the termination of the period for which the insurer is liable and in case of claim for any other loss within 90 days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than 1 year from the time proof is otherwise required.

Claim Forms: The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. If such forms are not furnished within 15 days after the giving of such notice the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character and the extent of the loss for which claim is made.

Notice of Claim: Written notice of claim must be given to the insurer within 20 days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurer at the address listed on the back of the Covered Person's ID card or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer.

Payment of Benefits

If a Subscriber provides written authorization to allow this, all or a portion of any Eligible Expenses due to a provider may be paid directly to the provider instead of being paid to the Subscriber. But we will not reimburse third parties that have purchased or been assigned benefits by Physicians or other providers.

Benefits will be paid to you unless either of the following is true:

- The provider notifies us that your signature is on file, assigning benefits directly to that provider.
- You make a written request at the time you submit your claim.

For procedures associated with urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as identified above, the first level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision. The second level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision. The second level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. We don't determine whether the pending health service is necessary or appropriate. That decision is between you and your Physician.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in our decision letter to you.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If we need more information from your Physician to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

Federal External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by us, or if we fail to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of our determination.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Services or Unproven Services.
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external

review, in urgent situations as detailed below, by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received our decision.

An external review request should include all of the following:

- A specific request for an external review.
- The Covered Person's name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (*IRO*). We have entered into agreements with three or more *IROs* that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review is comprised of all of the following:

- A preliminary review by us of the request.
- A referral of the request by us to the *IRO*.
- A decision by the *IRO*.

Within the applicable timeframe after receipt of the request, we will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Policy at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that we may process the request.

After we complete the preliminary review, we will issue a notification in writing to you. If the request is eligible for external review, we will assign an *IRO* to conduct such review. We will assign requests by either rotating claims assignments among the *IROs* or by using a random selection process.

The *IRO* will notify you in writing of the request's eligibility and acceptance for external review. You may submit in writing to the *IRO* within ten business days following the date of receipt of the notice additional information that the *IRO* will consider when conducting the external review. The *IRO* is not required to, but may, accept and consider additional information submitted by you after ten business days.

We will provide to the assigned *IRO* the documents and information considered in making our determination. The documents include:

- All relevant medical records.
- All other documents relied upon by us.

- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and we will include it with the documents forwarded to the *IRO*.

In reaching a decision, the *IRO* will review the claim anew and not be bound by any decisions or conclusions reached by us. The *IRO* will provide written notice of its determination (the "*Final External Review Decision*") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The *IRO* will deliver the notice of *Final External Review Decision* to you and us, and it will include the clinical basis for the determination.

Upon receipt of a *Final External Review Decision* reversing our determination, we will immediately provide coverage or payment for the Benefit claim at issue in accordance with the terms and conditions of the Policy, and any applicable law regarding plan remedies. If the *Final External Review Decision* is that payment or referral will not be made, we will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- An adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal.
- A final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, we will determine whether the individual meets both of the following:

- Is or was covered under the Policy at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that we may process the request.

After we complete the review, we will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, we will assign an *IRO* in the same manner we utilize to assign standard external reviews to *IROs*. We will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned *IRO* electronically or by telephone or facsimile or any other available expeditious method. The *IRO*, to the extent the information or documents are available and the *IRO* considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the *IRO* will review the claim anew and not be bound by any decisions or conclusions reached by us. The *IRO* will provide notice of the final external review decision for an

expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the *IRO* receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned *IRO* will provide written confirmation of the decision to you and to us.

You may contact us at the toll-free number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the National Association of Insurance Commissioners (NAIC) and represents standard industry practice for coordinating benefits.

When Coordination of Benefits Applies

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

Definitions

For purposes of this section, terms are defined as follows:

- A. A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 2. Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after

those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

- D. Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.
1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
 5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
- E. Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
 - 1. Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 - 2. Dependent Child Covered Under More Than One Coverage Plan. Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse, Domestic Partner, or Legal partner does, that parent's spouse, Domestic Partner, or Legal partner's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
 - (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

- (a) The Plan covering the Custodial Parent.
 - (b) The Plan covering the Custodial Parent's spouse, Domestic Partner, or Legal partner.
 - (c) The Plan covering the non-Custodial Parent.
 - (d) The Plan covering the non-Custodial Parent's spouse, Legal partner, or Domestic Partner.
- c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
3. Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
 4. TCC (Temporary Continuation of Coverage) or State Continuation Coverage. If a person whose coverage is provided pursuant to TCC (Temporary Continuation of Coverage) or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the TCC (Temporary Continuation of Coverage) or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
 5. Longer or Shorter Length of Coverage. The Plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
 6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

When Medicare is Secondary

If you have other health insurance which is determined to be primary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits. In no event will the combined benefits paid under these coverages exceed the total Medicare Eligible Expense for the service or item.

Section 8: General Legal Provisions

Your Relationship with Us

In order to make choices about your health care coverage and treatment, we believe that it is important for you to understand how we interact with your Enrolling Group's Benefit plan and how it may affect you. We help finance or administer the Enrolling Group's Benefit plan in which you are enrolled. We do not provide medical services or make treatment decisions. This means:

- We do not decide what care you need or will receive. You and your Physician make those decisions.
- We communicate to you decisions about whether the Enrolling Group's Benefit plan will cover or pay for the health care that you may receive. The plan pays for Covered Health Services, which are more fully described in this *Certificate*.
- The plan may not pay for all treatments you or your Physician may believe are necessary. If the plan does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

Our Relationship with Providers and Enrolling Groups

The relationships between us and Network providers and Enrolling Groups are solely contractual relationships between independent contractors. Network providers and Enrolling Groups are not our agents or employees. Neither we nor any of our employees are agents or employees of Network providers or the Enrolling Groups.

We do not provide health care services or supplies, nor do we practice medicine. Instead, we arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not our employees nor do we have any other relationship with Network providers such as principal-agent or joint venture. We are not liable for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Enrolling Group's Benefit plan. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Enrolling Group's Benefit plan.

The Enrolling Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Policy Charge to us.
- Notifying you of the termination of the Policy.

When the Enrolling Group purchases the Policy to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Enrolling Group. If you have any

questions about this statement or about your rights under ERISA, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor.*

Your Relationship with Providers and Enrolling Groups

The relationship between you and any provider is that of provider and patient.

- You are responsible for choosing your own provider.
- You are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Copayments, Coinsurance, any Annual Deductible and any amount that exceeds Eligible Expenses.
- You are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
- You must decide with your provider what care you should receive.
- Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Enrolling Group is that of employer and employee, Dependent or other classification as defined in the Policy.

Notice

When we provide written notice regarding administration of the Policy to an authorized representative of the Enrolling Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Enrolling Group is responsible for giving notice to you.

Statements by Enrolling Group or Subscriber

All statements made by the Enrolling Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. Except for fraudulent statements, we will not use any statement made by the Enrolling Group to void the Policy after it has been in force for a period of three years.

Incentives to Providers

We pay Network providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us

includes any financial incentives, we encourage you to discuss those questions with your provider. You may also contact us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

Incentives to You

Sometimes we may offer coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. Contact us if you have any questions.

Rebates and Other Payments

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable Annual Deductible. We do not pass these rebates on to you, nor are they applied to any Annual Deductible or taken into account in determining your Copayments or Coinsurance.

Interpretation of Benefits

We have the discretion to do all of the following:

- Interpret Benefits under the Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in the Policy, including this *Certificate*, the *Schedule of Benefits*, and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

We may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may, in our discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Administrative Services

We may, in our discretion, arrange for various persons or entities to provide administrative services in regard to the Policy, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time in our discretion. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Policy

To the extent permitted by law we reserve the right, in our discretion and without your approval, to change, interpret, modify, withdraw or add Benefits or terminate the Policy.

Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is hereby amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers. All of the following conditions apply:

- Amendments to the Policy are effective 31 days after we send written notice to the Enrolling Group.
- Riders are effective on the date we specify.
- No agent has the authority to change the Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Policy.

Information and Records

We may use your individually identifiable health information to administer the Policy and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use your de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Policy, for appropriate medical review or quality assessment, or as we are required to do by law or regulation. During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements we recommend that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

Examination of Covered Persons

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

Workers' Compensation not Affected

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Subrogation and Reimbursement

Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand or right. Immediately upon paying or providing any Benefit, we shall be subrogated to and shall succeed to all rights of recovery, under any legal theory of any type for the reasonable value of any services and Benefits we provided to you, from any or all of the following listed below.

In addition to any subrogation rights and in consideration of the coverage provided by this *Certificate*, we shall also have an independent right to be reimbursed by you for the reasonable value of any services and Benefits we provide to you, from any or all of the following listed below.

- Third parties, including any person alleged to have caused you to suffer injuries or damages.
- Your employer.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity who is liable for payment to you on any equitable or legal liability theory.

These third parties and persons or entities are collectively referred to as "Third Parties."

You agree as follows:

- That you will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement, including, but not limited to:
 - providing any relevant information requested by us,
 - signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim,
 - responding to requests for information about any accident or injuries,
 - making court appearances, and
 - obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
- That failure to cooperate in this manner shall be deemed a breach of contract, and may result in the termination of health benefits or the instigation of legal action against you.
- That we have the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- That no court costs or attorneys' fees may be deducted from our recovery without our express written consent; any so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall not defeat this right, and we are not required to participate in or pay court costs or attorneys' fees to the attorney hired by you to pursue your damage/personal injury claim.
- That regardless of whether you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, with such proceeds available for collection to include any and all amounts earmarked as non-economic damage settlement or judgment.
- That benefits paid by us may also be considered to be benefits advanced.

- That you agree that if you receive any payment from any potentially responsible party as a result of an injury or illness, whether by settlement (either before or after any determination of liability), or judgment, you will serve as a constructive trustee over the funds, and failure to hold such funds in trust will be deemed as a breach of your duties hereunder.
- That you or an authorized agent, such as your attorney, must hold any funds due and owing us, as stated herein, separately and alone, and failure to hold funds as such will be deemed as a breach of contract, and may result in the termination of health benefits or the instigation of legal action against you.
- That we may set off from any future benefits otherwise provided by us the value of benefits paid or advanced under this section to the extent not recovered by us.
- That you will not accept any settlement that does not fully compensate or reimburse us without our written approval, nor will you do anything to prejudice our rights under this provision.
- That you will assign to us all rights of recovery against Third Parties, to the extent of the reasonable value of services and Benefits we provided, plus reasonable costs of collection.
- That our rights will be considered as the first priority claim against Third Parties, including tortfeasors from whom you are seeking recovery, to be paid before any other of your claims are paid.
- That we may, at our option, take necessary and appropriate action to preserve our rights under these subrogation provisions, including filing suit in your name, which does not obligate us in any way to pay you part of any recovery we might obtain.
- That we shall not be obligated in any way to pursue this right independently or on your behalf.
- That in the case of your wrongful death, the provisions of this section will apply to your estate, the personal representative of your estate, and your heirs.
- That the provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a Third Party. If a parent or guardian may bring a claim for damages arising out of a minor's Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

Refund of Overpayments

If we pay Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.
- All or some of the payment we made exceeded the Benefits under the Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, the Covered Person agrees to help us get the refund when requested.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, we may reduce the amount of any future Benefits for the Covered Person that are payable under the Policy. The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Limitation of Action

You cannot bring any legal action against us to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

Dependent Child Special Open Enrollment Period

On or before the first day of the first plan year beginning on or after September 23, 2010, the Enrolling Group will provide a 30 day dependent child special open enrollment period for Dependent children who are not currently enrolled under the Policy and who have not yet reached the limiting age. During this dependent child special open enrollment period, Subscribers who are adding a Dependent child and who have a choice of coverage options will be allowed to change options.

Coverage begins on the first day of the plan year beginning on or after September 23, 2010, if we receive the completed enrollment form and any required Premium within 31 days of the date the Dependent becomes eligible to enroll under this special open enrollment period.

All references to Full-time Student status requirements are deleted. The definition of Dependent is replaced with the following:

Dependent - the Subscriber's legal spouse or a child of the Subscriber or the Subscriber's spouse. All references to the spouse of a Subscriber shall include a Domestic Partner. The term child includes any of the following:

- A natural child.
- A stepchild.
- A legally adopted child.
- A child placed for adoption.
- A child for whom legal guardianship has been awarded to the Subscriber or the Subscriber's spouse.

To be eligible for coverage under the Policy, a Dependent must reside within the United States.

The definition of Dependent is subject to the following conditions and limitations:

- A Dependent includes any child listed above under 26 years of age.
- A Dependent includes an unmarried dependent child age 26 or older who is or becomes disabled and dependent upon the Subscriber.

The Subscriber must reimburse us for any Benefits that we pay for a child at a time when the child did not satisfy these conditions.

A Dependent also includes a child for whom health care coverage is required through a *Qualified Medical Child Support Order* or other court or administrative order. The Enrolling Group is responsible for determining if an order meets the criteria of a *Qualified Medical Child Support Order*.

A Dependent does not include anyone who is also enrolled as a Subscriber. No one can be a Dependent of more than one Subscriber.

Fraud or Intentional Misrepresentation of a Material Fact

The terminating provision for *Fraud, Misrepresentation or False Information* in the *Certificate, Section 4: When Coverage Ends* is replaced with the following:

- **Fraud or Intentional Misrepresentation of a Material Fact**
You committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include false information relating to another person's eligibility or status as a Dependent.

During the first two years the Policy is in effect, we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy. After the first two years, we can only demand that you pay back these Benefits if the written application contained a fraudulent misstatement.

Introduction

Coverage Policies and Guidelines

Our Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on our behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for specific indications as compared to others; therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed.

We may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

NOTE: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access www.myuhc.com through the Internet or call *Customer Care* at the telephone number on your ID card for the most up-to-date tier status.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you will be required to pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the *Certificate* in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you failed to verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Cost, less the required Copayment and/or Coinsurance, and any deductible that applies.

Submit your claim to the Pharmacy Benefit Manager claims address noted on your ID card.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, no Benefit will be paid for that Prescription Drug Product.

Limitation on Selection of Pharmacies

If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, we may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date we notify you, we will select a single Network Pharmacy for you.

Rebates and Other Payments

We may receive rebates for certain drugs included on the Prescription Drug List. We do not pass these rebates on to you, nor are they taken into account in determining your Copayments and/or Coinsurance.

We, and a number of our affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Rider. Important Notices under the Patient Protection and Affordable Care Act (PPACA)

IMPORTANT NOTICE: If you have a dependent child whose coverage ended or who was denied coverage (or was not eligible for coverage) because dependent coverage of children was not available up to age 26, you may have the right to enroll that dependent under a special dependent child enrollment period. This right applies as of the first day of the first plan year beginning on or after September 23, 2010 and your employer (or enrolling group) must provide you with at least a 30 day enrollment period. If you are adding a dependent child during this special enrollment period and have a choice of coverage options under the plan, you will be allowed to change options. This child special open enrollment may coincide with your annual open enrollment, if you have one. Please contact your employer or group plan administrator for more information.

IMPORTANT NOTICE: If coverage or benefits for you or a dependent ended due to reaching a lifetime limit, be advised that a lifetime limit on the dollar value of benefits no longer applies. If you are covered under the plan, you are once again eligible for benefits. Additionally, if you are not enrolled in the plan, but are still eligible for coverage, then you will have a 30 day opportunity to request enrollment. This 30 day enrollment opportunity will begin no later than the first day of the first plan year beginning on or after September 23, 2010. This 30 day enrollment period may coincide with your annual open enrollment, if you have one. Please contact your employer or group health plan administrator for more information.

Changes in Federal Law that Impact Benefits

There are changes in Federal law which may impact coverage and Benefits stated in the *Certificate of Coverage (Certificate)* and *Schedule of Benefits*. A summary of those changes and the dates the changes are effective appear below.

Patient Protection and Affordable Care Act (PPACA)

Effective for policies that are new or renewing on or after September 23, 2010, the requirements listed below apply.

- Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. Essential benefits include the following:

Ambulatory patient services; emergency services, hospitalization; maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.
- On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits.
- Essential benefits for plan years beginning prior to January 1, 2014 can only be subject to restricted annual limits. Restricted annual limits for each person covered under the plan may be no less than the following:
 - For plan or policy years beginning on or after September 23, 2010 but before September 23, 2011, \$750,000.
 - For plan or policy years beginning on or after September 23, 2011 but before September 23, 2012, \$1,250,000.
 - For plan or policy years beginning on or after September 23, 2012 but before January 1, 2014, \$2,000,000.
- Any pre-existing condition exclusions (including denial of benefits or coverage) will not apply to covered persons under the age of 19.
- Coverage for enrolled dependent children is no longer conditioned upon full-time student status or other dependency requirements and will remain in place until the child's 26th birthday. If you have a grandfathered plan, the enrolling group is not required to extend coverage to age 26 if the child is eligible to enroll in an eligible employer-sponsored health plan (as defined by law). Under the *PPACA* a plan generally is "grandfathered" if it was in effect on March 23, 2010 and there are no substantial changes in the benefit design as described in the *Interim Final Rule on Grandfathered Health Plans*.

On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day dependent child special open enrollment period for dependent children who are not currently enrolled under the policy and who have not yet reached age 26. During this dependent child special open enrollment period, subscribers who are adding a dependent child and who have a choice of coverage options will be allowed to change options.
- If your plan includes coverage for enrolled dependent children beyond the age of 26, which is conditioned upon full-time student status, the following applies:

Coverage for enrolled dependent children who are required to maintain full-time student status in order to continue eligibility under the policy is subject to the statute known as *Michelle's Law*. This law amends *ERISA*, the *Public Health Service Act*, and the *Internal Revenue Code* and requires group health plans, which provide coverage for dependent children who are post-secondary school students, to continue such coverage if the student loses the required student status because he or she must take a medically necessary leave of absence from studies due to a serious illness or injury.

- If you do not have a grandfathered plan, benefits for preventive care services described below will be paid at 100%, and not subject to any deductible, coinsurance or copayment. If you have pharmacy benefit coverage, your plan may also be required to cover preventive care medications that are obtained at a network pharmacy at 100%, and not subject to any deductible, coinsurance or copayment, as required by applicable law under any of the following:
 - Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
 - Immunizations that have in effect a recommendation from the *Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention*.
 - With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
 - With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.
- Retroactive rescission of coverage under the policy is permitted, with 30 days advance written notice, only in the following two circumstances:
 - The individual performs an act, practice or omission that constitutes fraud.
 - The individual makes an intentional misrepresentation of a material fact.
- Other changes provided for under the *PPACA* do not impact your plan because your plan already contains these benefits. These include:
 - Direct access to OB/GYN care without a referral or authorization requirement.
 - The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
 - Prior authorization is not required before you receive services in the emergency department of a hospital.

If you seek emergency care from out-of-network providers in the emergency department of a hospital your cost sharing obligations (copayments/coinsurance) will be the same as would be applied to care received from in-network providers.

Some Important Information about Appeal and External Review Rights under PPACA

If you are enrolled in a non-grandfathered plan with an effective date or plan year anniversary on or after September 23, 2010, the *Patient Protection and Affordable Care Act of 2010 (PPACA)*, as amended, sets forth new and additional internal appeal and external review rights beyond those that some plans may have previously offered. Also, certain grandfathered plans are complying with the additional internal appeal and external review rights provisions on a voluntary basis. Please refer to your benefit plan documents, including amendments and notices, or speak with your employer or UnitedHealthcare for

more information on the appeal rights available to you. (Also, please refer to the *Claims and Appeal Notice* section of this document.)

For help call UnitedHealthcare at the number listed on the back of your health plan ID card.

Generally, an urgent situation is when your health may be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be adequately controlled while you wait for a decision on your appeal.

Who may file an appeal? Any member or someone that member names to act as an authorized representative may file an appeal. For help call UnitedHealthcare at the number listed on the back of your health plan ID card.

Can I provide additional information about my claim? Yes, you may give us additional information supporting your claim. Send the information to the address provided in the initial denial letter or *Explanation of Benefits*.

If you do not agree with the decision, you may be able to request an external review of your claim by an independent third party. They will review the denial and issue a final decision.

If I need additional help, what should I do? For questions on your appeal rights, you may call UnitedHealthcare at the number listed on the back of your health plan ID card. You may also contact the support groups listed below.

Are verbal translation services available to me during an appeal? Yes. Contact UnitedHealthcare at the number listed on the back of your health plan ID card. Ask for verbal translation services for your questions.

Is there other help available to me? For questions about appeal rights, an unfavorable benefit decision, or for help, you may also contact the *Employee Benefits Security Administration* at 1-866-444-EBSA (3272). Your state consumer assistance program may also be able to help you.

For information on appeals and other *PPACA* regulations, visit www.healthcare.gov.

Mental Health/Substance Use Disorder Parity

Effective for Policies that are new or renewing on or after July 1, 2010, Benefits are subject to final regulations supporting the *Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA)*. Benefits for mental health conditions and substance use disorder conditions that are Covered Health Services under the Policy must be treated in the same manner and provided at the same level as Covered Health Services for the treatment of other Sickness or Injury. Benefits for Mental Health Services and Substance

Use Disorder Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for coinsurance and copayments for mental health and substance use disorder conditions must be no more restrictive than those coinsurance and copayment requirements for substantially all medical/surgical benefits. *MHPAEA* requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health and substance use disorder benefits. Based upon the results of that testing, it is possible that coinsurance or copayments that apply to mental health conditions and substance use disorder conditions in your benefit plan may be reduced.

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, Benefits under the Policy are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments, Coinsurance and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.

Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.

Benefit Determinations

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from us within 30 days of receipt of the claim, as long as all needed information was provided with the claim. We will notify you within this 30 day period if additional information is needed to process the claim, and may request a one time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, we will notify you of the denial within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Policy, you may submit a claim for reimbursement in accordance with the applicable claim filing procedures. If you pay a Copayment and believe that the amount of the Copayment was incorrect, you also may submit a claim for reimbursement in accordance with the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or approval prior to receiving medical care. If you have a pre-service request for Benefits, and it was submitted properly with all needed information, you will receive written notice of the decision from us within 15 days of receipt of the request. If you filed a pre-service request for Benefits improperly, we will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, we will notify you of the information needed within 15 days after it was received, and may request a one time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, we will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the appeal procedures.

If you have prescription drug Benefits and a retail or mail order pharmacy fails to fill a prescription that you have presented, you may file a pre-service health request for Benefits in accordance with the applicable claim filing procedure. When you have filed a request for Benefits, your request will be treated under the same procedures for pre-service group health plan requests for Benefits as described in this section.

Urgent Requests for Benefits that Require Immediate Attention

Urgent requests for Benefits are those that require notification or a benefit determination prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health, or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. In these situations, you will receive notice of the benefit determination in writing or electronically within 72 hours after we receive all necessary information, taking into account the seriousness of your condition.

If you filed an urgent request for Benefits improperly, we will notify you of the improper filing and how to correct it within 24 hours after the urgent request was received. If additional information is needed to process the request, we will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a benefit determination no later than 48 hours after:

- Our receipt of the requested information; or
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Questions or Concerns about Benefit Determinations

If you have a question or concern about a benefit determination, you may informally contact our *Customer Care* department before requesting a formal appeal. If the *Customer Care* representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described above, you may appeal it as described below, without first informally contacting a *Customer Care* representative. If you first informally contact our *Customer Care* department and later wish to request a formal appeal in writing, you should again contact *Customer Care* and request an appeal. If you request a formal appeal, a *Customer Care* representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to *Urgent Appeals that Require Immediate Action* below and contact our *Customer Care* department immediately.

How to Appeal a Claim Decision

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact us in writing to formally request an appeal.

Your request should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.
